Bill
Here's to one of my shortest
friends. As I B 4 99 let's you
see absolutely great.
Best of luck always. Come
see me next year.
Love ya lots
Barbara

Bill,
To the sweetest guy
Thanks for the little talks
at the well. Remember Communism
You were really great in
Best of luck always,
Love

JOHN DICKINSON
HIGH SCHOOL

Bill
I'll sure forget
all of the wonderful
times we had in the
last 3 years at D.H.S.!
won't say "bye" in touch after
graduation 'cause I know we will.
Bill you are really one of the sweetest
and most understanding guys I know,
and I hope we can stay as good friends as
we are now. Be good, sukety

Love Ya

Judi Boyd

This year John Dickinson's A.F.S. exchange student was Judith Gwendoline Boyd, better known as Judi. She lives in the city of Newcastle-Upon-Tyne (river), which is located in Northeast England.

While going to John Dickinson, she stayed with Mr. and Mrs. William Snyder of Sherwood Park I.

During her year at John Dickinson, Judi studied English, Social Studies, Typing, Journalism, Art, and Shorthand. She also participated in the Alesians, Globetrotters, and Student Council.

We have all enjoyed having Judi here this year, and wish her the best of everything in her future. All of us at John Dickinson will remember her hospitality and warm personality, and we hope that she will carry a part of us with her wherever she goes.

The A.F.S. in the different parts of Delaware came to visit our school on A.F.S. Day in late October.

Bill,
Hope you have all of the greatest luck in the world. It's been great knowing you. You're one the craziest guys I know. Be good this Summer. Hope to see ya at the beach - maybe! (?) Don't forget all our crazy, stupid things we did at D.H.S. this year especially. Love,
Suzanne

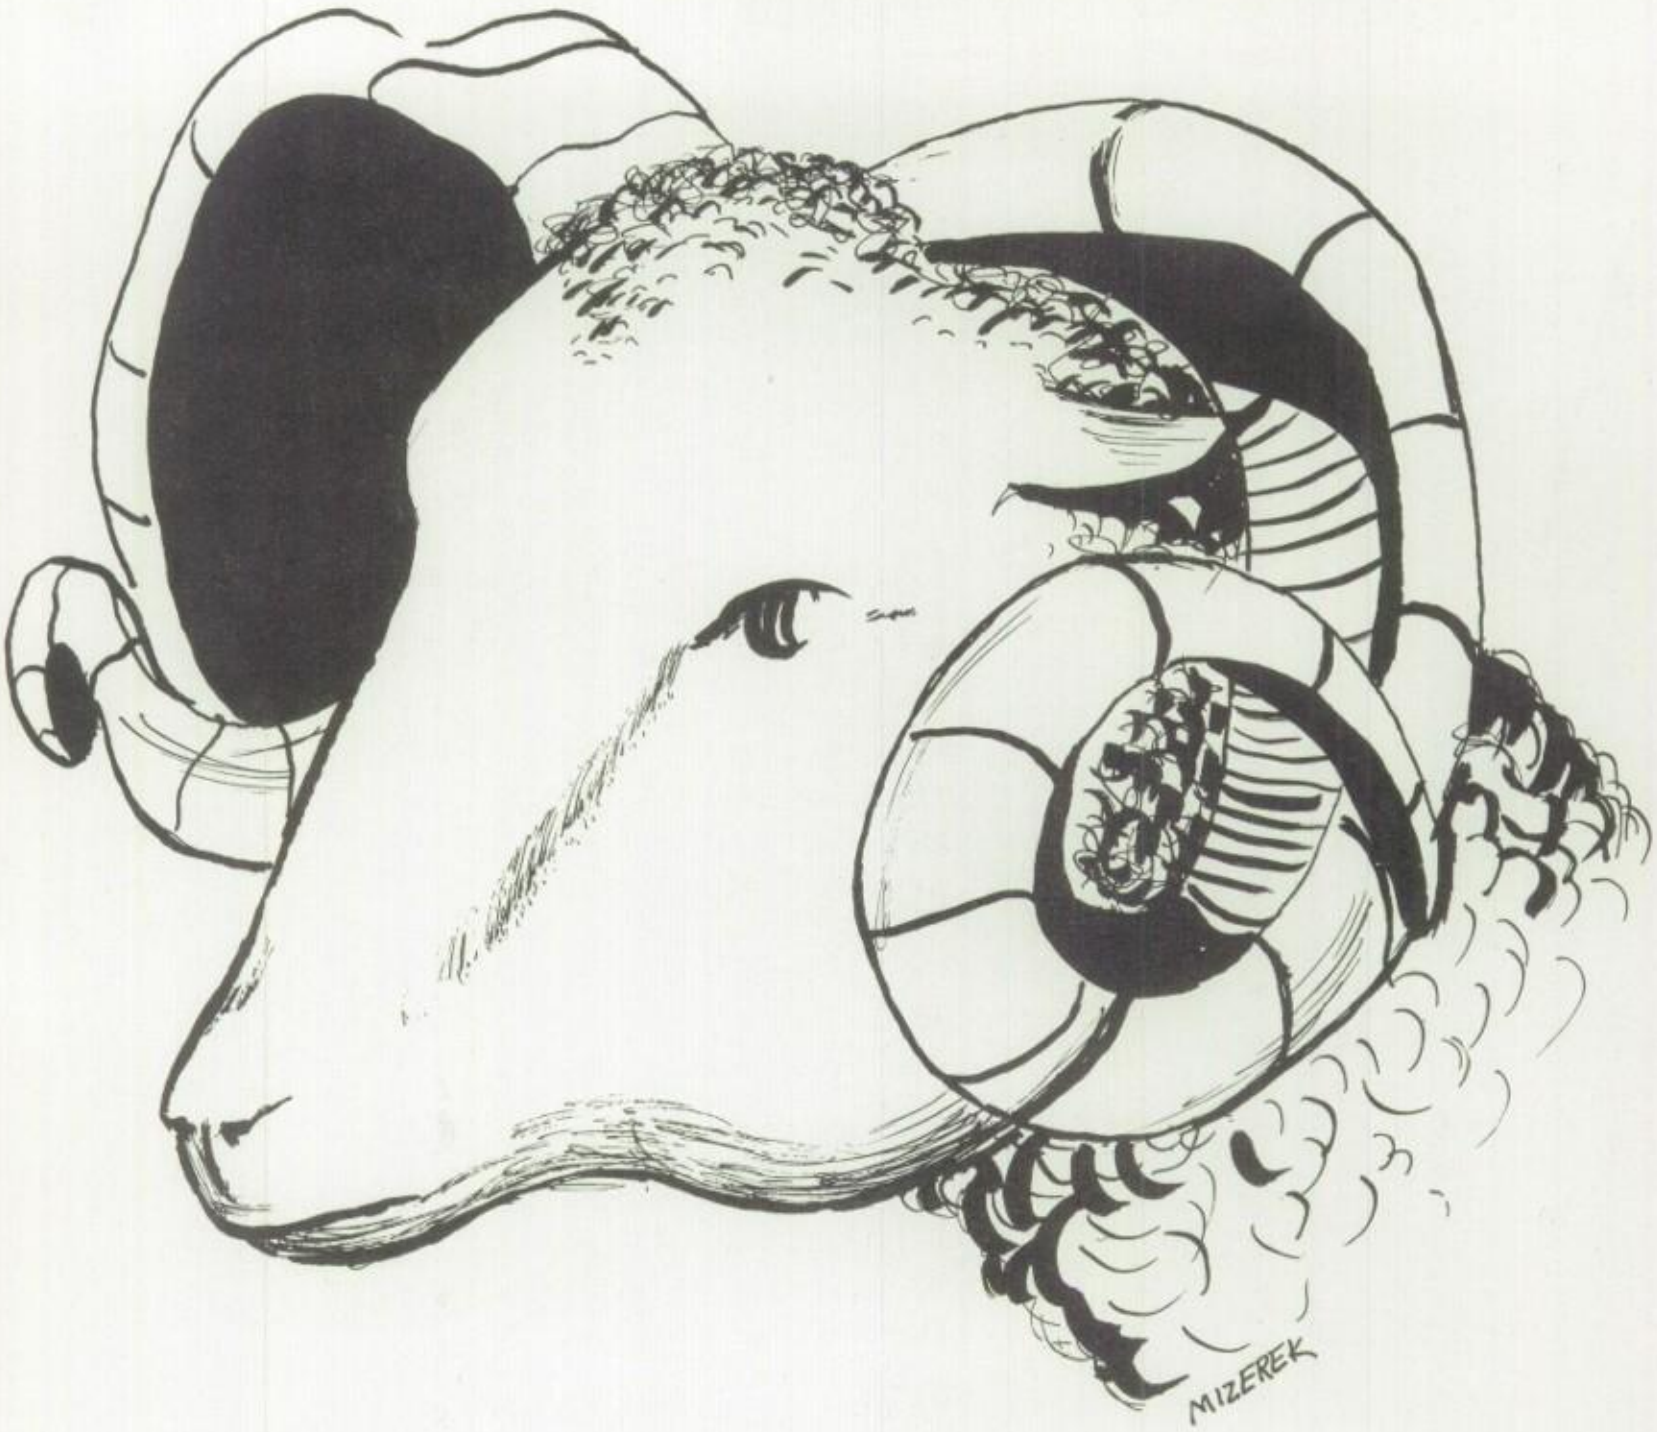
The Sophomore council, consisting of twenty representatives, represented the largest sophomore class John Dickinson has ever known. Considering the large class they lead, the council did an exceptional job. They sponsored and directed the Sophomore Hop, and carried out various other activities throughout the year. Let's hope our junior councils next year for Dickinson and McKean, are every bit as good.

Council Officers; S. Hartstein, secretary, D. McWhorter, treasurer, J. Hanel, vice-President, J. Burke, President



Barney the Ram, that was present at all the home football games this past season, is the third ram Dickinson has had in its six year history. The original ram was chosen as a mascot before moving to Dickinson from Conrad.

The first and second rams were given to Dickinson by the Houchin family. Barney III was presented to the school by the Allison family.

We hope that the tradition of having Barney at the games will be kept in the future.

JOHN DICKINSON HIGH SCHOOL

Alma Mater

Alma Mater, hear our prayer:
Thanks we give for loving care.
May we all thy mem'ries share
Alma Mater, hear us.

On our journeys far and wide
Thou shalt always be our guide.
And thy teachings by our side
We shall cherish, always.

Like our namesake, may we be
Filled with love and loyalty.
We'll be true to thy memory
Dickinson, our high school.

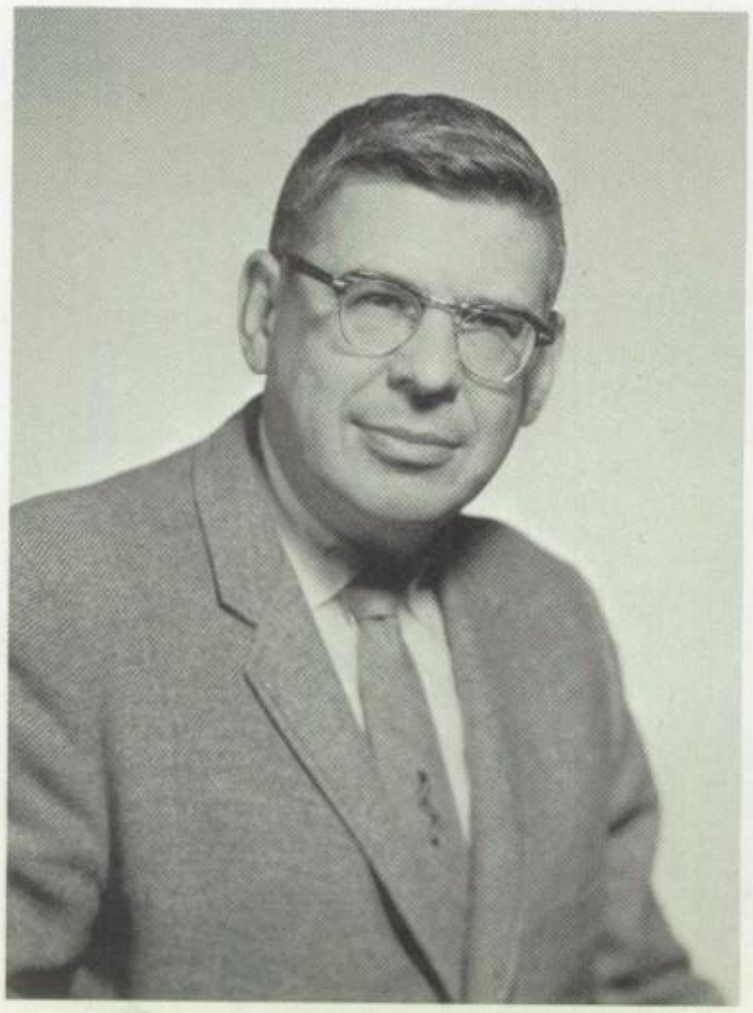
FACULTY

ESSE QUAM VIDERI

DARRELL F. LONG
Supervising Principal

My congratulations to the students on the staff of the 1966 *Penman,* their faculty advisors, and the entire class of 1966. Working together, you have produced a most interesting and informative annual, one which we shall all be proud of for many years to come. You have certainly lived up to the fine tradition set by past yearbook staffs at Dickinson.

Speaking for the district administration and the Board of Trustees, I want you to know that we all appreciate your dedication to this task and the many hours of work that have gone into the book's preparation. Well done!



C. RICHARD GEORGE
Administrative Assistant

The Board of School Trustees is a group of men dedicated to the better education of our district's young people. They give unselfishly of themselves and their time to the best educational interests of the residents and students of the John Dickinson High School Community.

In addition to this great responsibilty, these men also hold important posts in the worlds of industry and commerce. Mr. Guthrie, Board Chairman, is a Vice President with the Wilmington Savings Fund Society. Mr. Carrow is plant manager of the National Vulcanized Fiber Company at Kennett Square, Pa. The other three men are employed by the DuPont Company, Dr. McCormack as a Research Associate, Mr. Muto as a Process Engineer, and Mr. Potter as a Process Engineer.

WILLIAM D. GUTHRIE
Board Chairman

The staff of the 1966 *Penman* wishes to extend to these fine people a heartfelt "thank you". Your efforts on the behalf of everyone at Dickinson are greatly appreciated.

MILTON H. POTTER

Dr. McCormack, Mr. Potter, Mr. Carrow, Mr. Guthrie, and Mr. Muto discuss plans for the new McKean High School scheduled to open in September, 1966.

TRAFTON T. BUCHANAN
Principal

Reflection on the past creates memories, meaningfully known to you. The *PENMAN,* now a part of those memories, expressing the most important and fruitful years of your life, will be your guide to many pleasant reflections. A tremendous achievement has been made by the staff and sponsors in setting forth within these covers the expression and meaning of school life—The Dickinson Story of 1966.

We are proud of the achievement and the story, and I am proud to have been your Principal.

Are you ready?

This year's cross country season began by looking bright, but an untimely injury to D. H. S.'s number one runner, Ron Harper, soon grayed the picture. The team lost their first dual meet to Wilmington H.S., but rebounded to win two straight over Newark and Mt. Pleasant. However, injuries plagued the squad all season and they concluded the regular season with a respectable but disappointing 6-3 record.

There were still the conference and state meets left, and with ace Ron Harper back in form, the Rams were out to take both. In an exciting meet, in which three Rams broke the 12 minute mark, Dickinson squeaked by Wilmington H.S., 51-49. The squad then made ready for the state meet and went into it with high hopes. However, an injury to runner Bayard Horn smothered the Rams' hopes for victory. As a result, they finished second in the meet.

Globetrotters

In 1962 Mr. Baird and R. Jarmon organized the Globetrotters, a current events club designed to broaden the geographical horizons and the thinking of its members. The Globetrotters club consists of 280 members of the student body and is organized into ten friendship groups. The executive committee is made up of nineteen group leaders and club officers. The committee, assisted by the faculty advisors, plans the programs and trips. The officers are: President: Phyllis Whiteside, Vice-President: Alan Graham, Secretary: Susan Morgan, Treasurer: Susan Walker. The friendship group leaders are: Kitty Schulte, Linda Drasher, Phyllis Whiteside, Susan Walker, Debbie Spahr, Tom Frederick, John Krakowski, Ruth Saadeh, Mike, Kapec, Richard Stow, Genie Grassie, Bill Whisler, Gary Dunmon, Susan Morgan, Joan Rothenmeyer, Gail Smith, Alan Graham, Bruce Frye, and Alex Wujcik.

L. to R.: S. Morgan, K. Schulte, J. Krakowski, L. Drasher, B. Frye, T. Frederick, R. Stow, A. Wujcik, P. Whiteside, J. Rothenmeyer, J. Boyd, B. Whisler, G. Smith, D. Spahr, M. Kapec, R. Saadeh

The Student Council is a student representative body which works for good relationships between the student body, faculty and the administration. The student council performed many fine services for the total benefit of the school. They not only worked for improving relationships but also for services which were beneficial to the student population.

The F.T.A. has grown larger and has become one of the most active organizations in the school. In addition to sponsoring many activities, the club has invited several guest speakers who are in the field of teaching.

Under the supervision of Mrs. Dill and Mrs. Sparks, it has carried out its purpose: "to promote and maintain interest in teaching as a professional interest." In this area, one of their outstanding activities is sponsoring and organizing Student Government Day during which members teach regular classes in the school.

F.N.A.

The F.N.A. consists of fifty 11th and 12th grade students who have expressed their interest in the field of medicine. The club helps to interest students in personal and community health, to encourage them in finding out what nursing requires, and what it offers.

Each student in the F.N.A. club is assigned to at least one study period a week for infirmary duty where she will attend to students, file notes, check beds, answer the phone, and be generally useful to the nurses. A listing of rules set down by Mrs. Scott and Mrs. Roser, must be followed by all members of Future Nurses. One failure may eliminate one from infirmary duty until cleared through by Mrs. Scott or Mrs. Roser. Two consecutive failures may eliminate the student from the club entirely. When and if a student decides not to enter into the medical profession, she must resign from the club entirely.

The prime purpose of this club is to train students to be leaders, both in and out of class, by assisting the physical education teacher, and to participate in activities which will foster a better athletic program.

These girls go through skill tests and are graded on their abilities in order to become members.

Carolie Fisher, *Senior Soloist*

The John Dickinson Music Dept. offers a variety of opportunities for those who sing. Among their many accomplishments were a very fine Christmas Concert which featured a candlelight processional, a presentation of the "Hallelujah Chorus" with the band, and a solo by senior, Carolie Fisher.

Among the many fine accomplishments of the vocal organizations was the selection of fifteen members of the All State Choir. This list includes: Sopranos: A., Bowman, S. Deaton, C. Fisher, J. Parke, and M. Sierra; Altos: L., Bowman, B. Bradley, S. Schadel; Tenors: W. Anthos, E. Derr, R. Sample; Basses: S. Parke, D. Guthrie, M. Kapec, and W. Niblette.

Under the leadership of Dick Sample (President), Bill Anthos (Vice-President), Beth Breylinger (Treasurer), and Judy Austin (Secretary) the Choir made an effort to perform all types of choral music. The fact that they enjoyed their efforts, and the fact that they passed this enjoyment on to others, is proof that their efforts were successful.

Dance Band

Dance Band, a club under the direction of Mr. Dolinger, is a selected group of instrumental students who desire to play modern dance orchestrations. They not only meet during the activity period, they meet periodically after school. If a student wishes to become a member, he must present himself to Mr. Dolinger for auditioning.

"If I Had My Way," I'd belong to the Dickinson Folk Society, and learn that song. The major aim of the Folk Society is the enjoyment of what is known as "Folk Music," through the mediums of learning songs, singing songs, and, in general, open discussions on various aspects of Folk music. Besides running the club strictly for their amusement, Folk Society members have been active in helping prepare assemblies and providing entertainment for both school and public causes. Under the direction of Mr. J. D. Miller, the club's 23 members have been learning about and contributing to an important part of the nation's history.

Stage Crew

Bottom to Top: J. Jamieson, S. Jenkins, D. Harrington, S. Johnson, W. Long

The Stage Craft group is responsible for some of the design and all of the construction for Teahouse Players and/or Theatre Arts productions. Due to the limited number of meetings, most jobs will be assigned by the director; however where possible, students will be given the opportunity to conceive their own designs. Work here will cover all areas of the Theatre Arts: design building, painting, lighting, makeup, wardrobe, properties, sound, special effects, advertising, house and theatre supervision. This club could be a stepping stone to membership in the Teahouse Players.

Under the supervision of Miss Rothwell and Miss Wiley the Business Ed Club aims, through the medium of filmstrips, demonstrations and speakers, to acquaint its members with the procedures and opportunities of the various businesses in our community. It also aids the pupils in their development and character traits essential for success in the business world.

Astronomy Club

Even though there was little student enthusiasm for the astronomy club this year, the club of five consider it as a fruitful year. The club has taken trips to Mt. Cuba to do observing with an observatory telescope, and to Christiana High School's Planetarium. The club is hoping for a better turnout next year in both schools.

Mr. Kitchen

It is only natural for people with like interests to gather and discuss their mutual thoughts. It was so with the Teahouse Players. It began as an informal group who found that they were constantly with the theatre. By the end of the first year at Dickinson they had organized the Teahouse players which takes its name from the first major production, *"Teahouse of the August Moon"*. Since that time the club has grown in responsibilities as well as membership. Teahouse is the play producing group of John Dickinson High. Each year two banquets are held at which new members are initiated and where alumni come from far and near to renew old acquaintances. Becoming a member depends upon an individual's devotion to the Theatre Arts, his working hours in the school, and his good character. The groups longevity is a compliment to the founders of the Teahouse Players.

L. Mizerek, T. Bailey, Mr. Carbone, C. Walton, W. Long

The main objective of the Civil Defense Squad is to assist school officials in case of an atomic attack or natural disaster. Although school personnel are instructed in the fundamental procedures if a C. D. alert occurs, the C. D. Members are of a great asset because of their special training which they receive when the club meets.

CURRICULUM

ESSE QUAM VIDERI

The initial purpose of art is the enrichment of the lives of the participants while helping in the development of their creative talents. The flexible nature of the program fosters individual attention and encourages activities in specialized areas, where and when such attention is deemed appropriate for extension from listed basic offerings.

Art I—creative writing, color, design, lettering, and beginning crafts.

Art II—community planning, interior design, crafts, graphs, drawing and painting.

Art III—art history, drawing and oil painting, advanced crafts, industrial design, fashion design.

MR. CARBONE

Music furnishes the student with a medium of self-expression, a means of contributing to social harmony, of enjoying leisure time, and of providing vocational and avocational earning opportunities. The student may develop, also, through music study, a sympathetic understanding of many peoples. The Music Department offers the following courses:

Instrumental—

Advanced Band—this band is divided into two sections:

(a) Marching Band—functions throughout the football season and marches in all parades.

(b) Concert Band—functions the second semester and presents school and community concerts throughout the year.

Instrumental Lessons—any student may study privately for the school year on any instrument.

The marching band at practice

Strings—any student may receive instruction on the violin, viola, cello, and bass violin.

MR. DOLINGER

Vocal—

Mixed Chorus—open to any student interested in singing. Meets three times per week as a group. These groups take part in the fall choral program, assemblies, and other special functions.

Choir I, II, and III—students are admitted by audition. This group presents all choral programs.

MISS ROTHWELL

The Business Education department provides three areas of training for students: stenographic, clerical, and sales.

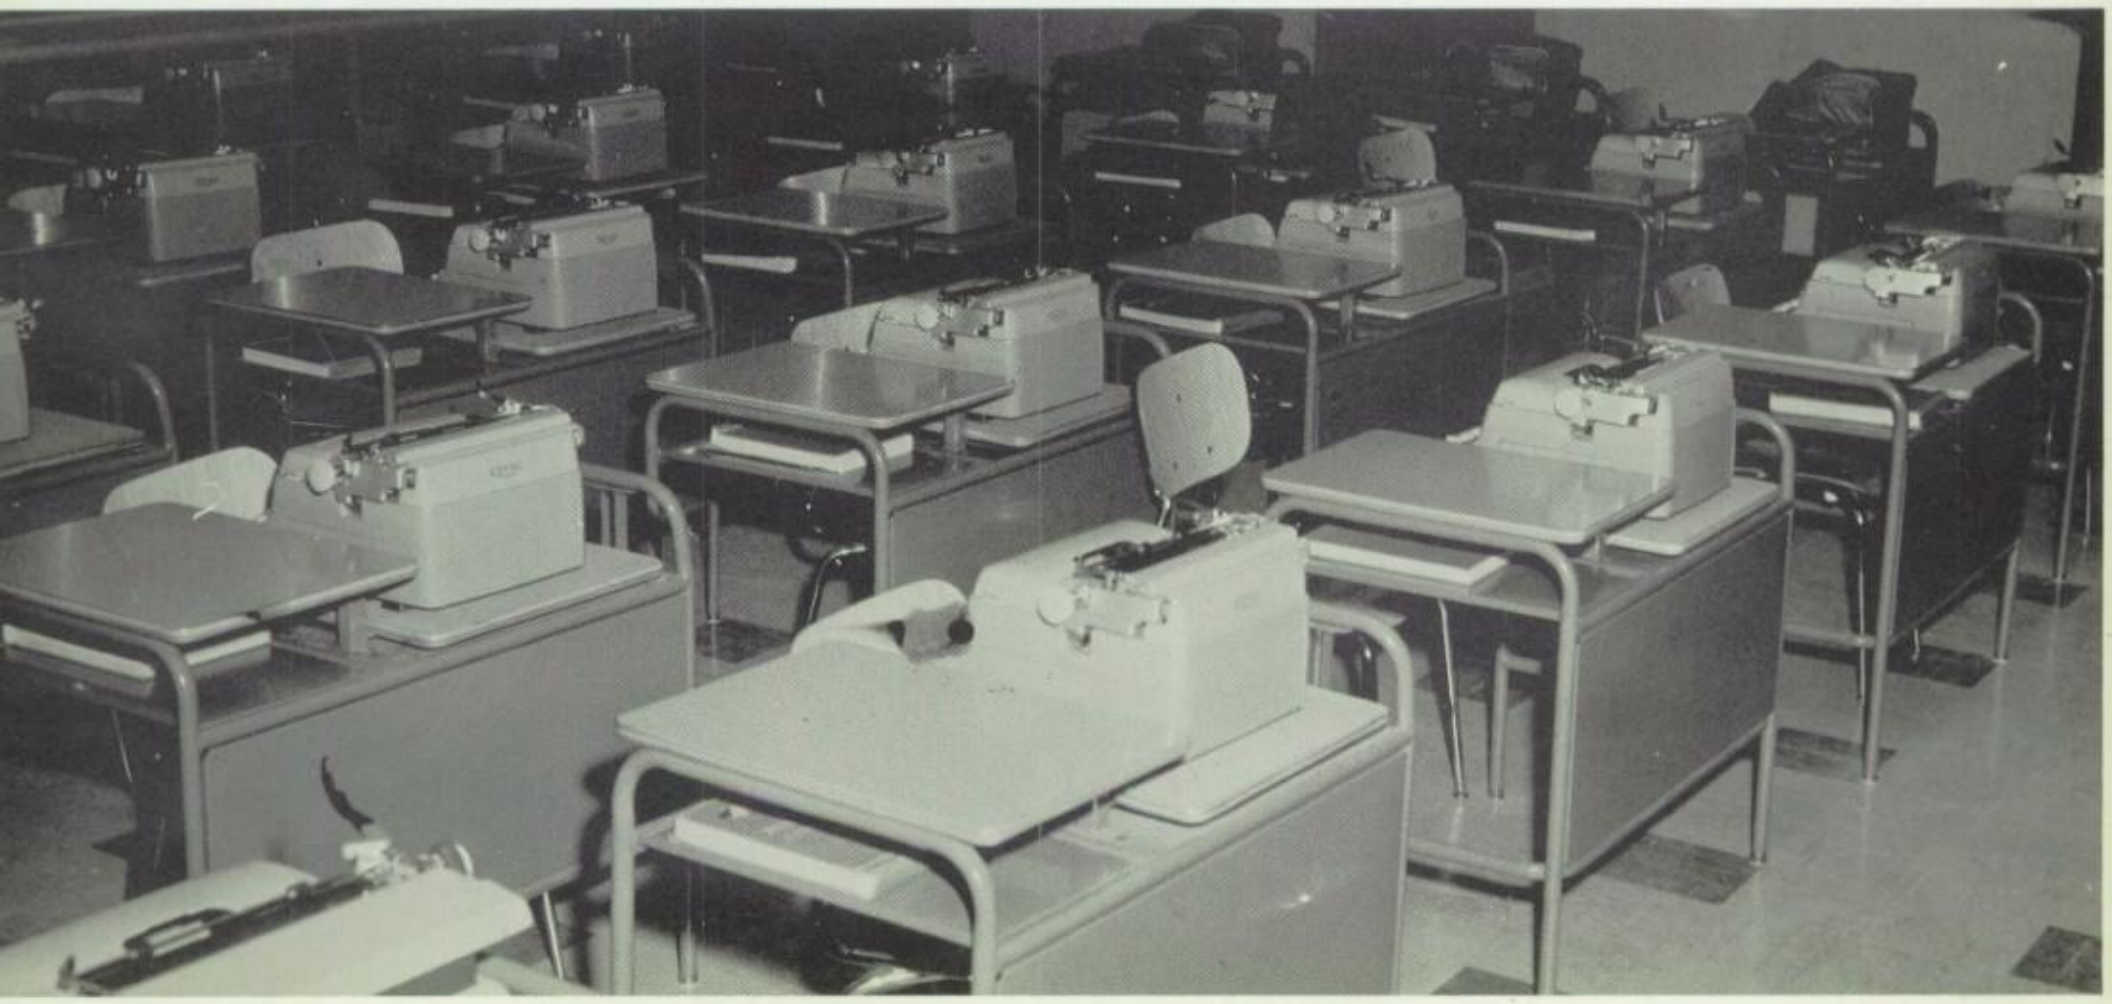
Students desiring to enter the stenographic area must be able to think quickly, and must have a good background in spelling, knowledge of words, English, grammar, and punctuation.

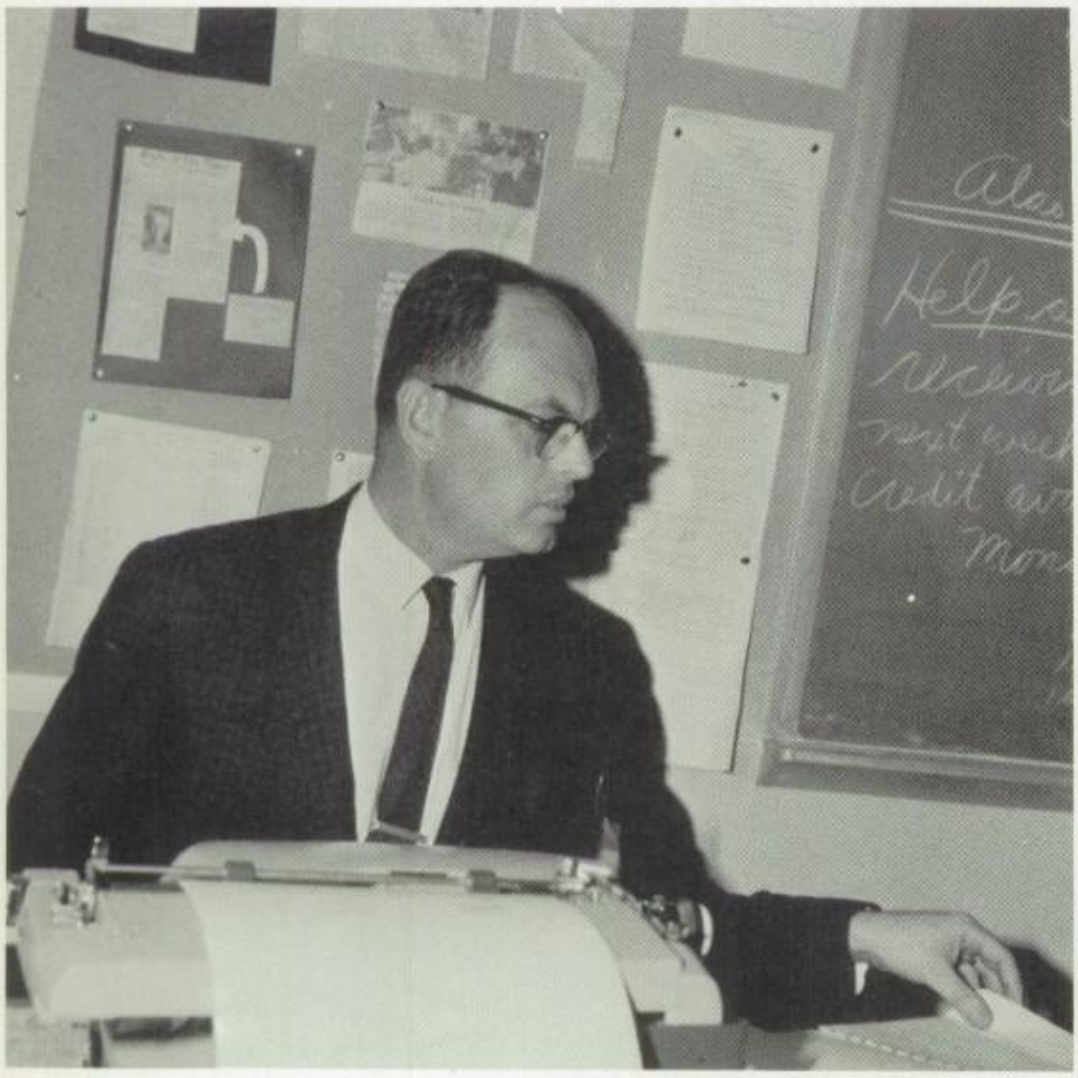
Since all office positions do not require the use of shorthand and since all students desiring a business education do not have the aptitude for shorthand, many students elect the clerical field of training. These students take all business subjects except shorthand.

Business subjects required for the above areas of training are as follows:

Stenographic—Typewriting I & II, Shorthand I & II, Bookkeeping I, and Office Practice:

Clerical—Typewriting I & II Bookkeeping I & II, and Clerical Practice. (Bookkeeping II as an elective.)





MR. BAIRD

The aim of the English Department is to help the student to grow in the ability to use the four areas of communication—reading, writing listening and speaking.

English II Special emphasis is placed on a review of the fundamentals of grammar, spelling, punctuation, usage and speech.

English III Special emphasis is placed upon a survey of American literature.

English IV Senior English is divided into three categories: *College Preparatory, Business Education, General.*

MRS. ELIZABETH EARLE

Mrs. Elizabeth Earle, the head teacher of the Home Economics Department, has been with John Dickinson High School for four years. The girls who have had home economics, have learned greatly from her and her fellow teachers, and the students' experiences will be valuable in their futures. Plus everyday teaching, Mrs. Earle has mended a good many rips and tears in boys' slacks and girls' skirts.

The major purpose of the Home Economics Department is to help girls to do better those things which they will be doing throughout their lives. The course includes Home Economics I and II, a general training in the field; and Home Economics III and IV, the more advanced studies.

MR. SCHAEFER

The Language program consists of the following: Latin I, II, III, IV; German I, II, III; French I, II, III, IV; and Spanish I, II, III, IV. All language courses are open to sophomores, juniors, and seniors. The student may study Latin for 4 years or study 2 years of Latin followed by 2 years of a modern language. With approval of a guidance counselor the student may study 2 years of one modern language, followed by 2 years of another modern language. These courses, however, are available to all students interested in receiving a basic knowledge of a foreign language.

The language student studies the structural composition of a language to gain a reading and writing ability. Through textual and supplementary readings he gains an understanding of the customs, attitudes, and feelings of a foreign people. Modern language courses emphasize oral conversation.

The Mathematics Department offers the following courses:

Basic Math I—a review of fundamentals covered in junior high school.

Basic Math II—stresses Mathematics for the earner and consumer.

Basic Math III—advanced general mathematics with emphasis on the number system and elementary topics in algebra, geometry, probability, statistics, and trigonometry.

Algebra I—strengthens fundamental concepts of arithmetic and gives a workable understanding of the terminology and symbolism of algebra.

Algebra II—review of Algebra I and continued development of the subject matter.

Junior Accelerated Mathematics—a one year course for Junior Accelerated Mathematics students. It is an integration of Algebra II and Trigonometry. (By recommendation only.)

Geometry—develops mathematical maturity in reasoning; includes concepts of plane and solid geometry and introduces coordinate geometry.

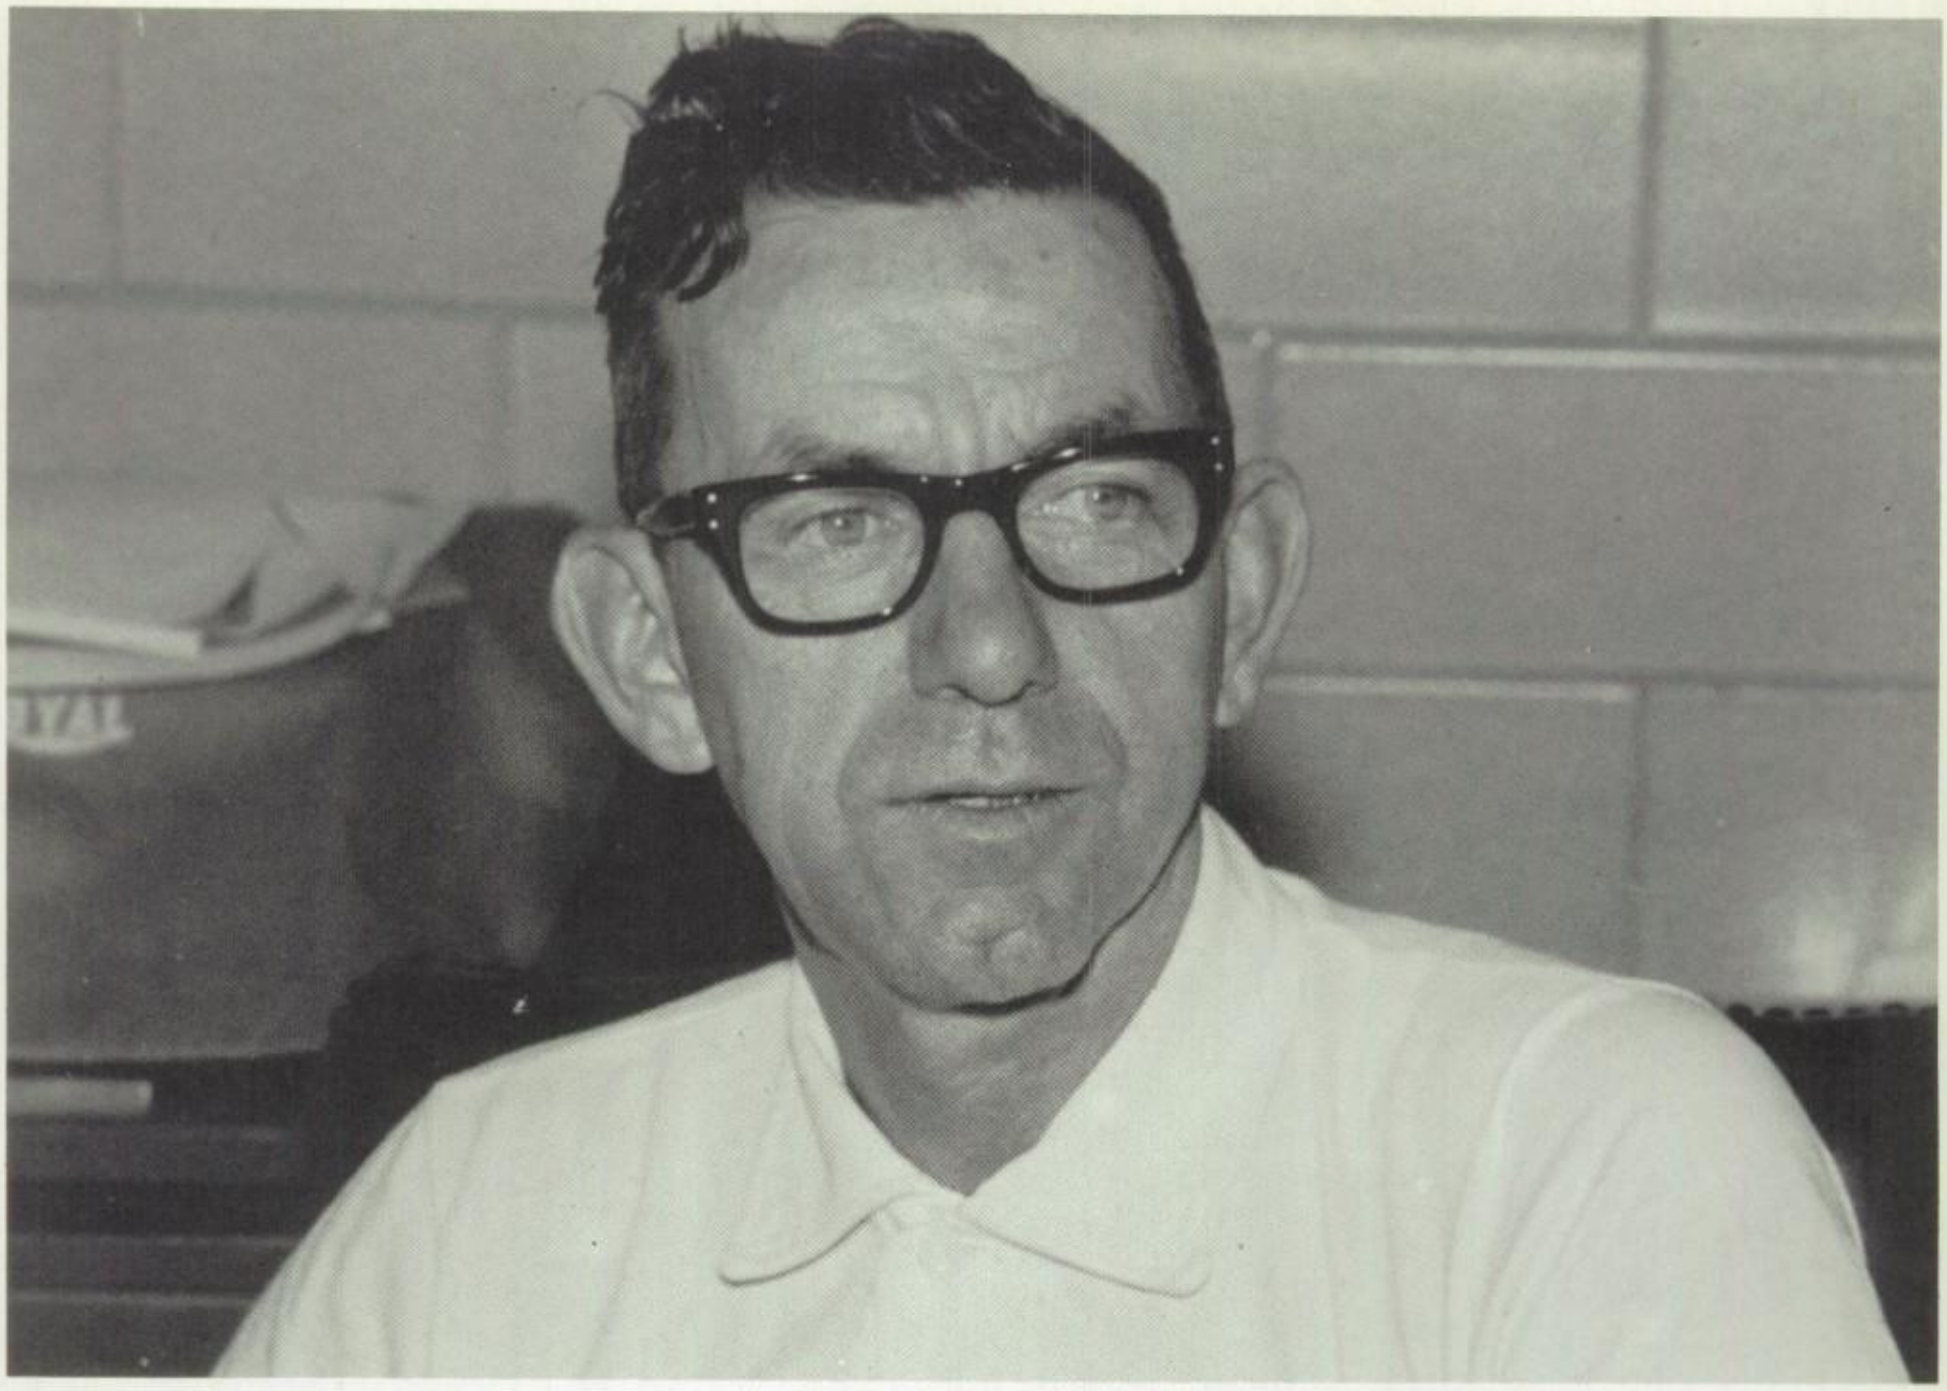
Trigonometry and College Math Review—a study of triangles and the development of analytic properties and relationship of trigonometric functions. Algebra review, a unit in solid geometry, and an introduction to college mathematics.

MR. BROWN

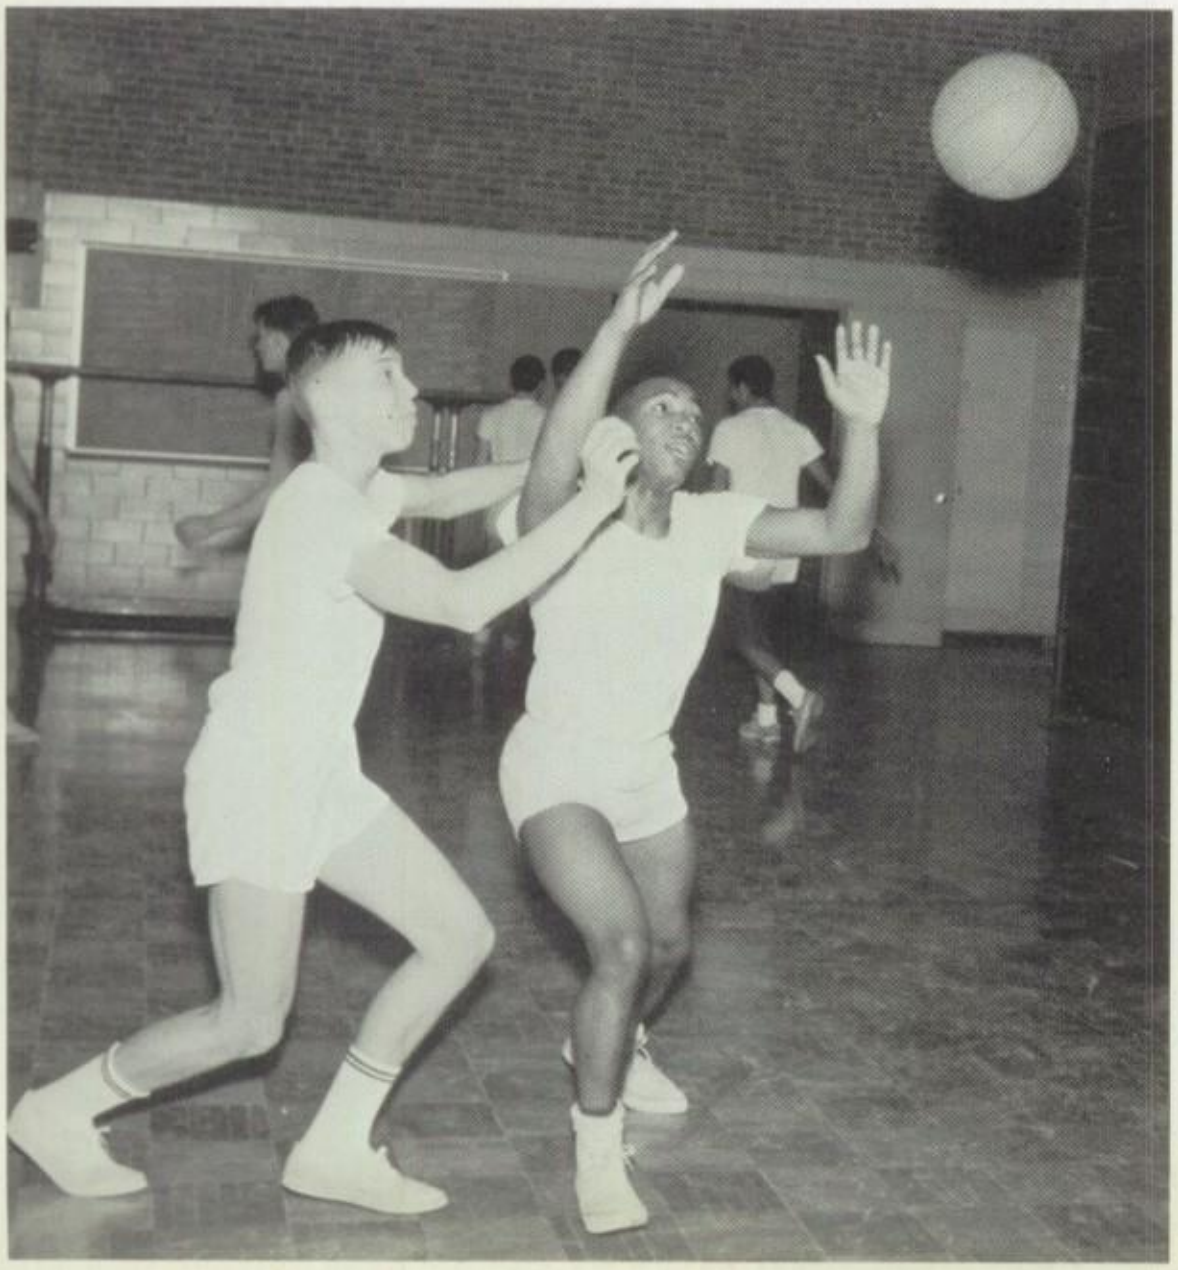
Senior College Prep Math—a course in mathematics designed for those students basically interested in the social sciences, emphasizing logic, probability, and statistics. (Prerequisites are Algebra I & II, Trig. and Geometry.)

Senior Accelerated Mathematics—a complete review of academic mathematics, statistics and an introduction to analytic geometry and calculus. (By recommendation.)

Nurses' Mathematics—a one semester course for prospective nurses—a review of high school mathematics and the study of systems of measurements as applied to nursing and medicine.



MR. WOOD



The athletic and physical education program at Dickinson has sufficient activities to offer all students, boys and girls alike, an opportunity to participate in sports of their choice. Athletic activities are classified in three groups; (1) varsity and junior varsity, (2) intramural sports, and (3) class activities.

Activities offered in intramural sports and gym classes include touch football for boys, soccer, basketball, softball, volleyball, hockey, tumbling, apparatus work, gymnastics, physical fitness programs, dancing, and various other games.

Gary Manlove and Charley Opreska reach for the ball in one of Mr. Wood's gym classes

MR. GARFIELD

Courses in social studies will give the student a knowledge of countries and events in the past, and a deep understanding of the workings of his government. This should equip him to play a sensitive role as a good citizen of the United States.

The Social Studies Department offers the following courses:

Economic Geography—enables the student to learn about environment, climate, and world resources. This course demonstrates the interdependence of people, cities, and continents.

World History—a survey course in the history of Western Civilization.

U. S. History—a survey course in the history of the United States. Time is provided each week for a study of current events.

U.S. Government and Sociology—a course divided into the study of three areas of U.S. Government, Sociology and Communism.

Mr. Gilligan—"Handsome"?

The Science Department is organized to present both the theoretical and practical aspects of science. The Science Department offers the following courses:

Biology—a survey of plant and animal life through unit study and laboratory experience.

Chemistry—an orderly presentation of the basic principles on which the science of chemistry is built. This course seeks to develop the scientific method of thinking as well as skill of laboratory work.

Physics—a study of natural laws and basic principles developed through demonstrations, experimentation, discussion, and guided individual experience.

Practical Science—emphasis is placed upon the practical functioning of science rather than upon abstract scientific principles and theories.

Psychology—a systematic investigation of the total behavior of organisms.

Mr. Gilligan, Department Chairman, received the 1966 Delaware Science Teacher Award, American Chemical Society.

Mr. Long and Mr. George discussing the plans of Thomas McKean School.

As you come to the final page of your 1966 edition of the *Penman*, we hope that you will recall some of the traditional spirit and enthusiasm which we have tried to capture in this publication. You will remember the football games, the dances, the long hours of study, and the stirring music of our band. Perhaps you will remember some sad things also: the taste of defeat in athletic competition, disappointment in reaching for some high goals, singing the Alma Mater for the last time. Since it is in the Dickinson tradition that we experience in school much of what life is all about, we know that all who are leaving our fine school will be the better for having stopped here for a while.

Bill,

To the sweetest, closest, and dearest person I have ever known. I know you will always remain in my heart. You have a special spot there and nothing will ever change that.

Never forget the many good times we had. Remember the arguments, too, and how we got back on friendly terms. Of course, you realize we have known each other as school buddies, I bet, longer than any other graduate of '66. We know each other's ups and downs, ins and outs. I will especially never forget the fabulous performance as Mr. Biggsley. I was so proud, I guess just because I have always felt you belong to me. Never forget the dates we had and the ones we should have had! I'll never forget the time you drove me to the basketball game in your father's station wagon and was so embarrassed about it. I could go on and on. These are the fondest memories I have and I feel like a million dollars when I recall them. You bring out the glow in me that nobody else ever has.

Though our futures may be different and separated for long periods of time, I hope we never lose contact. Because you are so close to me, I wish you the most success for a happy and fruitful life. You deserve it most than anybody. I hope I have brought you a slight fraction of the happiness you have brought me. Be good and always remain the same.

Love forever, Pat

Bel,
I always
the two of us had
the past year, and
I hope we can remember
more of the best
parts to look back on
when we're old
and retired.
Summer is coming
so I must
start looking for
a job.
I really
hope you
have a great
summer.
So long
for now,
take care
of you
Love always
